MEETINGONE® RECEIVES CONTRACT AWARD DECISION FOR EUROPEAN COMMISSION TENDER

Bruxelles, Belgium – MeetingOne®, a full service audio and web-conferencing, services provider is pleased to announce the signing of its newest client, The European Commission, the executive body of the European Union responsible for proposing legislation, implementing decisions, upholding the Union's treaties and day-to-day running of the EU.

Following an open call for tenders, MeetingOne received the award to provide a framework contract for the acquisition of Web and Audio Conferencing Services covering any combination of Audio, Video or Content Sharing over the Internet, complemented by an Audio Conferencing solution (telephony based). In addition to the European Commission itself, Audio and Web conferencing services will be provided to EU Institutions, Bodies and Agencies located throughout Europe including Luxembourg, Brussels, France, Italy and Spain to name a few.

“We are very proud to have been awarded the contract for serving such a prestigious and demanding organization like the European Commission at the heart of Europe. Secure, high quality communication and collaboration are absolutely vital to the success of large entities,” said Joseph Rinaudo, MeetingOne EMEA General Manager. “AudioOne and Adobe Connect are easy to use, technically flexible, highly secure and fit seamlessly within organizational IT infrastructures. This is the reason why the seamless pairing of these two products is helping MeetingOne`s customers, all over the world, to succeed in the management of major projects, as well as in the dynamic transfer of knowledge and ideas.”

About MeetingOne®

MeetingOne®, an International Adobe Gold Solution Partner, is a service provider of audio-conferencing, web meeting and e-learning solutions. Furthermore, MeetingOne's proprietary Audio-Collaboration platform offers one of the most advanced Adobe Connect Audio integrations. Some of the MeetingOne exclusive features include high-quality synced recordings, a unique Lecture/Mute-all webinar mode, secure callbacks, up to 20 breakout rooms with audio streaming, full-duplex VOIP broadcasting and a customizable display of dial-in numbers. Since 1999, MeetingOne has enabled organizations including educational and government institutions around the world to communicate and collaborate more effectively with powerful proprietary technologies, personalized services and partners' best of breed products such as Adobe® Connect™.
